

Tayport Ferryport-On-Craig Community Council

Minutes of Community Council AGM meeting held on
Monday 7th September 2026 at 19:00 hrs in Burgh Chambers

1. Attendance and Apologies

- **Present:** Sally Walker (Chair), Ewen MacDonald (Vice Chair), Rhona MacCallum (Treasurer), Janet Davidson, Luc Bidaut, Roddy Davie,
- **In Attendance:** Cllr Jonny Tepp, Cllr Louise Kennedy-Dalby, Peter Miller,
- **Apologies:** Elizabeth Carr Ellis, Polly Golliher

2. Declarations of Interest

- No declarations of interest were recorded for this session.

3. Minutes and Matters Arising

- **Approval:** The previous minutes were agreed
- **Citizen of the Year** – Discussion on set-up of the event. We need to be cognisant of costs associated with future events.
- **Christmas Lights** – Cllr Kennedy-Dalby confirmed that all lighting columns have been assessed as satisfactory. The Christmas Lights Switch-On will take place on 29 November, alongside a 'Light Up Tayport' competition to encourage residents to decorate their homes and gardens. Community support will be key to the success of the Christmas lights display. Applications to Fife Council for event to be submitted by Neil and Sally.
- **Banknowe Phone Box – Defibrillator** – Concerns regarding vandalism were discussed, along with options for the future of the telephone box, including removal, further community consultation and a solar-powered defibrillator. Elected Members agreed to contact Fife Council regarding potential defibrillator funding and support with the cost of correspondence to neighbouring residents.
- **Common Pond Reeds** - The condition of the pond was discussed, including possible cleaning and drainage; however, concerns were raised about the impact on the ecosystem. The proliferation of reeds and potential risk to children was also noted. It was suggested that the burn at the far end of the Common be surveyed alongside the pond.
- **Dog Waste Bins** - It was noted that dog waste bins are not being replaced, therefore regular bins should be used for disposing of dog poo.
- **School Parking** - Parking around Tayport Primary School: This was raised as an ongoing issue. It was suggested that Parking Wardens attend more regularly, and we need to raise awareness with the community in relation to the risk poor/illegal parking poses to children.

4. Police Matters

- **Newsletter** It was noted that the Quarterly Newsletter has not been circulated yet.
- **Surron (Electric powered motorbikes) and e scooters** are still an issue within the community. Concerns were raised directly with Elected members.

5. Treasurer's Report – no report received. As we have a healthy bank balance, we should seek to buy new notice boards to replace the current one which are difficult to use, and the Perspex has deteriorated that makes it difficult to read any notices.

6. Planning Applications:

26/02208/LBC 19 Isla Place Albert Street, Tayport, DD6 9AS - No objections.

26/01567/CLP 36A William, Street, Tayport, Fife, DD6 9HN - No objections.

26/00844/LBC Tayport Harbour, Tayport, DD6 9EU - ground surveys to be undertaken before this can progress.

7. Fife Council and Other Correspondence

- **Forth Ports Ltd – Dundee Maintenance** – This is an ongoing and recurring issue. When dredging takes place in the Dundee area, some of the sand can make its way back to the Tayport coastline, hence why we have been notified about this.

8. Fife Councillors Report

- **Bollards at the Common** – Still 4 or 5 missing
- **EV Charging** – ongoing discussions. The Scottish Government has stopped new installations as the network is currently undergoing redevelopment to cope with the power needed. Cables over pavements can cause issues. We are currently relying on private companies to provide chargers.
- **Lighthouse Nursery** – looking to get agreement to improve access to the gardens at the back of the Burgh Chambers.
- **Motorhome parking** – No Overnight Parking sign missing at the layby; Fife Coast & Countryside Trust are responsible for the Common – plans in progress for bay markings, signage, and honesty payments. Need to follow up with FCCT.

9. Questions for Fife Council

- Too many reeds in the pond and not enough area of water for the wildlife to swim, and the burn at the caravan park needs cleared. Cllr Tepp to contact Grounds Maintenance team.

10. Place Planning

Jan provided an update following the meeting on 27 August. Rhona has produced a poster and '3 Wishes' card for distribution as part of the community consultation.

11. AOCB

- **Burgh Chambers:** The meeting was briefly paused due to flooding in Burgh Chambers, which has been reported. On resumption, the archiving of documents held within the Chambers was discussed. It was agreed to liaise with the Fife Council Repository and Abby Oswald.
- **Vandalism/Incidents:** It was reported that fencing between Garvie Brae and Young Court had been removed to create a pathway, with previous repairs subsequently interfered with. A separate incident was reported involving a bottle being thrown into the play park at the Common, narrowly missing a child.
- **20mph Speed Limit:** There was no objection to the proposed 20mph speed limit in Tayport, which it is hoped will improve road safety.
- **Gabions, Harbour Road:** Cllr Tepp advised that a survey had confirmed the gabions to be structurally sound. Contractor bids have been sought for repairs to the path, but there has been no further progress to date.
- **Coastline:** A community member suggested exploring Community Fund support, linked to Dundee shipping activity associated with the Inchcape Wind Farm, to help reinforce coastal defences. It was noted that a coastline works programme exists but has yet to be actioned.
- **Taybridgehead Forum Meeting** to take place in the Dolphine Centre on 17 September @ 19.00

Next Meeting: Monday, 5th October 2026, at 19:00 at Burgh Chambers.
